Election Results At AO Barn Dance

A barn yard atmosphere will prevail in the old campus gym tomorrow evening from 9 to 1 when Alpha Omega Sorority holds its fifth annual dance. Admission is 85 cents.

Election returns of the primary election being held today and tomorrow will be announced during the dance.

Rec Center Rally This Afternoon

Election booths opened today at 9:00 a.m., as the voters moved to the polls to cast their ballots. Campaign managers continue to work during the election in an effort to get out the vote.

The past few days in the election have seen the campus come alive to the color and imagination of artists advertising their respective candidates.

The student body will decide between four candidates in the presidential race. Nominated for the top post in the race are Jack Anderson, Hal Grant, Bert Phillips, and Joe Velardo.

A rally introducing the nominees for student body and class offices will be held today in the Rec Center at 1:00 p.m.

After Cec Riley introduces the candidates, the presidential nominees will give short campaign addresses.

Running without opposition for the post of Activities Commissioner is Jack Hall.

For other associated students' posts, vice-presidential candidates are: Carol Benefield, Diane Heagerty, Jacque Ripa, and Joan Ruscitti. The position of secretary is being sought after by Diane Daube, Evelyn Ojakian, and Charlene Thompson.

The post of treasurer will be decided in the primary between the only two candidates, Andy Bisbee and Don Dell'Ara.

In races involving more than two candidates, a candidate shall have to win a majority of the total votes cast, in order to win in this week's election. In the event that one of the candidates does not garner a majority vote, the top two candidates will be chosen to run in the final election, April 30 and May 1.

(For those running for the other posts, see other pages in the paper.)

EDITORIAL

FOR A MORE EFFICIENT STUDENT GOVERNMENT

One issue stands strangely alone in the hurly-burly of this week's politicking.

The new constitution of the Associated Students finds an almost unanimous agreement in every branch of the college. Its future will depend upon the votes cast today and tomorrow. A two-thirds majority is required for its ratification.

Presenting a clear and distinct outline of the Associated Students' various functions, the proposed document would sweep out the accumulated anachronisms acquired in the nine years of our present constitution's existence.

We strongly advocate, for the increased efficiency of student government, the ratification of the revised constitution.

Statements for Executive Candidates

Jack Anderson

By JACK ANDERSON

(Excerpt from the statement of candidacy by Jack Anderson.)

A prerequisite to the listing of any qualifications for a candidate for the presidency of the Associated Students, San Francisco State college, is a very deep rooted love for this college and a firm belief in its fundamental principles.

A candidate for the presidency of the A.S.S.F.S.C. must be entirely cognizant of the fact that "there is much to be done" for the betterment of this institution and for the progress of the Associated Students; and yet a candidate must personally recognize the innumerable over looked or often minimized values which make this institution truly great.

I have served the Student Body in the capacity of: (1) Sophomore Class President. (2) Vice-President, C.A.A. (3) Asst. Director, Frosh Camp. (4) Treasurer A.S.S.F.S.C., a Chairman, Board of Control, b. Chairman,

Hal Grant

By BOB HORN

Hal Grant, popular candidate for student body president, and former quiz kid, has been proving his exemplary leadership qualities throughout his college career.

Hal's list of accomplishments is so extensive that he was named in the 1953 edition of "Who's Who in American Colleges and Universities."

His interest in student government and activities began at West Point, where he went upon graduation from high school. From there he went to the University of San Francisco and the University of California, participating in athletics and student organizations in each school.

Shortly after his enrollment at S.F. State in 1952, Hal became captain of the cross country team and a member of the golf team. He also represents the Olympic Club in cross country racing.

Currently he is serving as president of the Arnold Air Society, the Air Force R.O.T.C. hon-

Bert Phillips

By LEN FLYNN

"Past experience has shown his capabilities." With these words, we, the backers of Bert Phillips, hope to show the entire membership of the Associated Students that in Bert we find all the qualities and capabilities of a Student Body President.

For the past year Bert has been your Activities Commissioner, doing a job that will be hard to surpass. In this capacity he has scheduled a State Fair comparable to none, as those who have worked with him will testify, and the Student Body will soon see. Under his administration, he has outlined an Activities Calendar designed to satisfy the needs of the entire student body, one which has been as successful as facilities will permit. In all the functions associated with his office, he has seen that every segment of the college is well represented.

You may rest assured that Bert will continue to do the same good job as President of the As-

State's 1952 yearbook, vice president of her sorority, Bib 'n' Tucker, and a song leader, and a member-at-large during summer of '51. Diane has belonged to Newman club, Rally committee besides her sorority.

"Di-Di," as her friends know her, is loved by all because of her willingness to work for and with others at all times. What more can be said about "Di Di" who now aspires to the office of Secretary of the Associated Students?

TREASURER: TWO PETITION

Andy Bisbee

By JOE VELARDO

Andy Bisbee, World War II vet, has served all segments of San Francisco State college. As past president of the International Relations club, Andy has come to know the problems of the overseas students well. Last year, Andy represented State in the Model United Nations at the University of Southern California.

Andy is 27 years of age and this maturity showed its worth when Andy worked as a counselor at State's first Frosh Camp.

Andy is married and the father of two children. His wife shows the same enthusiasm for State that he does and is president of the Dames Club, an on-campus organization composed of students' wives.

Yes, Andy is a definite asset to State and the opportunity to have him as Treasurer of the Associated Students should be utilized to the fullest.

On the question of national fraternities, Andy endorses a referendum student vote, "as soon as enough information is available." He feels that "the lines of communication between the co-op and bookstore and student government are too thin" and, if strengthened, more positive control over the two can be obtained for the benefit of the general student body.

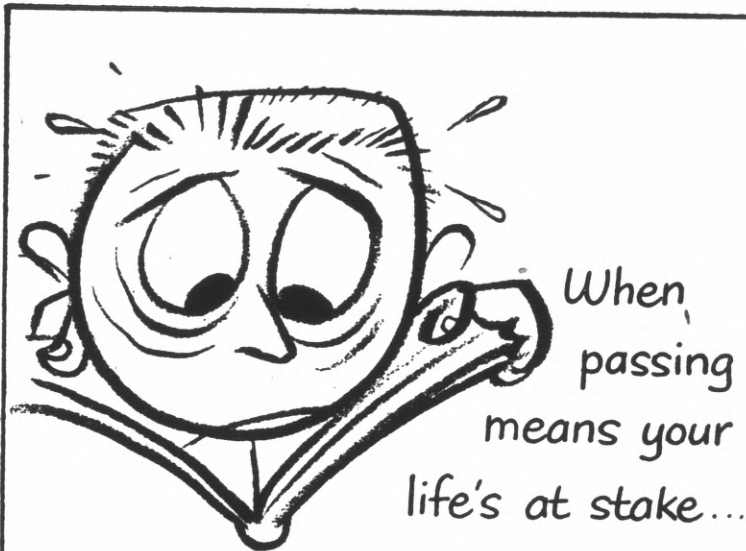

Don Dell'Ara

By HERB WILKINS

Don Dell'Ara, a native San Franciscan, is a graduate of Abraham Lincoln high school, class of 1950. While at Lincoln he lettered in basketball and tennis and participated in many extra-curricular activities, including public speaking.

Since coming to State, Don has taken a keen interest in the student affairs although he has been unable to participate actively until recently. He has been working full-time while in school but has now cut down so that he has ample time for school activities. His studies have centered around accounting and business subjects. He is an Economics major and maintains a "B" average.

This is Don's first venture into school politics. He has been president of Sigma Pi Sigma fraternity but wants it understood that he is making no special organizational appeal. He promises only fair and equitable handling of all organization funds and general student-body funds. He is qualified by virtue of his academic training and in holding the treasurer's office in Lincoln's Block "L". Don realizes the responsibility entailed in the Treasurer's office and says that he would be honored to serve State in this capacity.

Deans' Offices Reopen

A major step toward relocating S.F. State college at the new campus was taken last week with the moving of the Admissions, Credentials and Registrar's office to Lake Merced.

Following a brief shutdown, the offices have reopened in the Administration building and are now conducting their business at the new location.

The offices of Dean Bergstresser and Dean Johnson will, for the time being divide their time between both camps on the following schedule.

Dean Bergstresser's staff will be at College hall, 105, Buchanan street campus, on Mondays and Tuesdays. Wednesdays, Thursdays and Fridays the offices will be open at the new campus.

Dean Johnson will maintain office hours at the Buchanan street campus on Tuesdays and Thursdays, Room 105 College hall, with Mondays, Wednesdays and Fridays on the new campus.

All other offices concerned with the student personnel, formerly located at College hall 105, are now located in the Administration building at the new campus full time.

This movement marks another point in the intricate plan to move the college to its new location with as little interruption as possible in the normal course of business. The plan and its execution is under the direction of Executive Dean John H. Butler.

Thinclads Buck High Altitude To Win Over Nevada Wolfpack Runners, 81-49

The San Francisco State college trackmen went over the mountain last Saturday to see what they could do about winning a track meet from the Wolfpack of the University of Nevada from Reno. Now, it's tough to win in Reno, but Coach Ray Kaufman's Gators did it. The local thin clad lads hit the jackpot for 81 points. The opposition drew a lemon, garnering but 49 digits, before a surprisingly large turnout of 300 enthusiastic spectators.

The Staters copped 10 of the 15 events on the program. Highlighting the local winners was the performance of Al Desin in the high jump and Kelly in the broad jump.

Frosh Kelly, tired of chasing Lualhati and Gipson in the 440, turned to the broad jump for less embarrassing activities. Without a "step" the versatile lad sailed out 20 feet 10 inches. Kelly could go over 22 feet before the close of this season.

Big New Tackle Joins Footballers

Coach Joe Verducci will greet a promising corps of newcomers for the opening day of spring practice on April 27. Most promising of the newbies seems to be Roland McClure, a 240 pound tackle from Contra Costa J.C. Hal Buffa, McClure's coach at Contra Costa, says that big Roland is the best lineman ever to come out of that institution.

Other prospects are Walter Rilliet, end from City College, Sam Hiona, another City College boy who plays quarterback, halfback, halfback Dick Warne, who played for the St. Mary's frosh, and fullbacks John Dell from the Marine Corps, and Jim McElroy, formerly of Yuba J.C. and Santa Clara.

Another sparkling performance in the field events, a usually weak Gator part of track feats, was put in by Longar in the javelin. Longar put the spear out 170 feet 10 1/2 inches.

Coach Kaufman failed to register any points in the shot put, although Rollie McClure put the ball out 39 ft. 11 in. Pole vaulters Bruce Duncan, Warren Olson, and Ira Call pushed Giles Altenburg of Nevada to a new Nevada record Altenburg looked good while clearing 12 feet 7 inches.

Oreese Elmore found the altitude to his liking, capturing the 100 in 10.1 and the 220 in the good time of 22 flat. Vic Gipson won over teammate Bob Lualhati in the 440. Gipson turned the lap in 50.5. Lualhati, still feeling the effects of his recent illness, ran even with Vic but faded in the stretch.

Two heart-rending performances were registered by State athletes. Vic Gipson doubled up to try and win the 880. Vic toured the first lap of the two lapper in 57 seconds. While trying to maintain his margin for the second and final lap, Vic failed to find enough air to breathe in the 3000 feet plus altitude of Reno. The Nevada runner caught the staggering Stater as they turned the corner for home. Vic fought off the challenge for all but five yards from the finish line. What was really crushing was the time of 2 minutes and 7 seconds, this is 7 seconds slower than that which Gipson is capable.

Saturday the Gator tracksters will journey to Stockton to lock spikes with the College of Pacific Tigers in a cinderfest that should see the Kaufman men winners by a country mile. It is just a warmup for things to come. A week hence the Staters meet the San Jose Spartans and the Santa Clara Youth Center in a tri-way festival. Ouch!

S.F. State Nine Takes U.S.F., 8-7

Knocking S.F. State's ace Joel Heckman out of the box for the first time this season, the University of San Francisco gave the high-flying Gators a bad scare last Tuesday. State pulled the game out of the fire in the last inning and won, 8-7.

The Dons also worked over three other State pitchers, but to no avail, as there were just too many Sal Lencis, Norm Harris's and Stan Fabiano's to compete with.

NINE BUSY

San Francisco State will be out for revenge here tomorrow at 12:30 p.m. They will attempt to reverse an early season double-header defeat at the hands of the Tigers from College of Pacific.

Tuesday, April 25, the Gators take on the University of San Francisco for the third time at USF field, 3:00 p.m.

Individual Trophy Won By Foilman Anderson

By KEITH PINCKNEY

Jack Anderson, top man on S. F. State's outstanding fencing team, has brought additional honors to the Gators with his recent acquisition of a trophy for the best individual performance at the Western Intercollegiate Fencing Championships. Anderson therefore will represent S.F. State in the Western Regional Fencing trials.

The Gators, who last year took team-title laurels in addition to annexing the individual title, gained second spot behind Stanford University in this season's match.

With Anderson's trophy (planned for display in the new campus gym trophy case) the Gators have begun an apparent monopoly on the individual cup. Jerry Biagini last year received possession of the trophy for San Francisco State.

MURAL TRACK MEET

Signups for the intramural and inter-class track meet are being accepted now in the new campus gym. The meet to be held in connection with State Fair, will take place May 7.

Horsehiders Down Spartans in Double

The Golden Gators lambasted San Jose in a doubleheader victory last Saturday, 8-6 and 6-2.

The double victory was doubly sweet. The Gators not only beat San Jose's ace lefthander, Johnnie Oldham, but they beat him again as Oldham tried to put on an iron men show, and couldn't contend with the Gators.

Nothing-no, nothing-beats better taste

and **LUCKIES**
TASTE BETTER!
Cleaner, Fresher, Smoother!

Ask yourself this question: Why do I smoke?
You know, yourself, you smoke for enjoyment.
And you get enjoyment only from the taste of a cigarette.
Luckies taste better—cleaner, fresher, smoother!
Why? Luckies are made better to taste better. And, what's more, Luckies are made of fine tobacco.
L.S./M.F.T.—Lucky Strike Means Fine Tobacco.
So, for the thing you want most in a cigarette...
for better taste—for the cleaner, fresher, smoother taste of Lucky Strike...

Be Happy—GO LUCKY!

The echo's heard the campus round,
So here's a tip from me:
It's Luckies for their mildness and
For extra quality!
